Climate Change & Health Webinar Series

Thursday, June 11, 12:30 to 1:30 pm, PT

Join us for the first session of our 2026 webinars: **Climate Change and Health: Microplastics and More**

This session will include a discussion on microplastics and their impact on health, asthma home intervention in high-pollution neighborhoods, and extreme heat and wildfire preparedness among primary care patients in Washington.

CME information

The Kaiser Permanente National CME Program is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Kaiser Permanente National CME Program designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Non-physician colleagues: Nurses may report up to 1 contact hour toward the continuing education requirements for license renewal by their state Board of Registered Nursing.

Most state Physician Assistant Boards, including the California Board, recognize this credit for physician assistants. Other health care providers should check with their licensing agency for credit reciprocity.

Questions? Please email

KPNationalCME@kp.org

Presenters

- Raj Sundar, MD, Primary Care, Washington PMG
- Mary Meyer, MD, Emergency Medicine, TPMG
- Laura Myers, MD, Pulmonology/Critical Care Medicine, TPMG

Target audience

All PMG clinicians and KP employees

Learning objectives

At the end of the session, you will be able to:

- Describe the data regarding microplastics and health
- Discuss the impacts of microplastics on health with their patients
- Describe an asthma home intervention project in high-pollution neighborhoods
- Discuss work underway to educate patients on wildfire smoke and heat risk
